

# FEMA Consultation and Management

## THE ADVIS APPROACH

If your private non-profit organization, including hospitals, is incurring costs related to the National Emergency and COVID-19 response activities, the registration process is step one.

In order to be eligible for FEMA assistance, PNPs must act swiftly to file the necessary paper work to register for Public Assistance. Advis has significant experience with the FEMA registration and entire reimbursement process. We stand available to assist your organization during these challenging times.

**Advis is available for both Single Issue Consultation or Entire Reimbursement Process Management.**

## UNDERSTANDING FEMA

### **Federal Cost Share**

75% Reimbursement for Eligible Expenses

### **Incident Period for Eligible Expenses**

January 20, 2020 and ongoing

### **Minimum Project Threshold**

\$3,300 Incurrence of Eligible Expenses

**\*Please Note: Applicants are able to seek up to an additional 5% of its total eligible reimbursed claim to assist with Direct Administrative Costs (DAC) for claim preparation, submission, and management.**

Based on latest FEMA guidance, COVID-19 related activities which will be considered eligible and likely reimbursed by FEMA include:

- Establishment of Organizational Emergency Operations Coordination Response Center and Related Costs;
- Increased Security Measures;
- Personal Protective Equipment and Hazardous Material Suits;
- Survey Safety Inspections and Disinfection of Healthcare Facilities;
- Repositioning of Emergency Related Resources;
- Establishment of Temporary Medical Facilities to Test, Isolate, and Treat Infected Persons;
- Non-Deferrable Medical Treatment of Infected Persons in a Shelter or Temporary Medical Facility;
- Emergency Medical Transport of Patients Among Facilities;
- Related Emergency Medical Facility Services and Supplies;
- Provision of Medical Goods, Supplies, and Services at the Request of Local Health Departments and Area Shelters;
- Use and Rental of Specialized Emergency Medical Equipment;
- Medical Waste Disposal in Accordance with Applicable Compliance Standards; and
- OT for Forced Account Labor Performing Emergency Protective Measures Outside of Customary Job Duty.

**FEMA will not duplicate assistance provided by any other source.**

Over the past 25 years, Advis has assisted organizations across the country with FEMA filings, document systemization, and retention. Advis often plays a vital role preparing for and managing FEMA auditing processes. We understand the requirements as well as the importance of maintaining accurate and complete records. Advis works with small rural hospitals as well as large healthcare systems.
